

Hands on 4: Tableau Visual II

In this activity, you will build on the hands on 3: Tableau Visual I. You will develop a story line based on the different sheets developed in hands on 3. Please do the following:

FILE to use: Data model based on Price-marketing, Profit_Sales, & Sales_Inventory Excel files

Tasks

1. Develop a story line to capture a narrative that helps you explain what happened in the game. Why did one of the teams win?
2. Upload the storyline to tableau public
3. Upload the link to your work on tableau public on blackboard
